A DIGITAL MASTER CLASS

With Dr. Conway Edwards

**HOW TO GET THE MOST
OUT OF PAIN FREE DATING**

WELCOME

You've taken the first step. Now, the work begins...

The purpose of this class is not only for you to learn the biblical principles of dating, but to help improve your awareness through self-reflection.

This is vitally important to the health of all relationships and if you desire to thrive in this area, you must put in the work.

Before class begins, we invite you to answer the following questions. Be as detailed as possible in your answers.

List your top 3 core values and explain how each may influence your relationships with others.

How do you resolve conflict?

Identify a relationship among your family/friends that you admire. How does this relationship impact your decisions when dating?

What do you currently have in place to keep you accountable in relationships?

Do you have a spiritual covering?

What is your process for making big decisions? Do you have a decision making grid?

How would you describe your relationship with Jesus?

What do you hope to gain from this Master Class experience?

I hope that these questions have challenged you to take a closer look at yourself and gain insight into how your environment may influence your decisions. I encourage you to develop a routine of referring to these questions as you continue to grow, learn and thrive in your singleness.

Thank you for investing in your future!
